

#1 IN DURABILITY

USA  
UTILITY SERVICE AGENCY INC

“Once I saw the Youngstown glove the quality seemed apparent and the comfort/fit was obviously better than our standard issue gloves; so I went out and purchased my own pair. The fit and durability of these gloves is unrivaled by any other glove I have ever used. I am currently beyond 6 months use with the gloves and can comfortably say the purchase has been well justified. When I do wear these out, I will be replacing them with another Youngstown glove.”

- Greg Johnson, Distribution Lineman
